RUNS DOWN WOLVES

THE PRESIDENT IN OKLAHOMA

Genuine Western Sport Hunting Coyotes with Horses and Dogs-Stronuous Day's Work.

Frederick, Okla., April 11.-The President and his party began their hunt yesterday morning after experiencing a western fainstorm during the

The wolf chase to which the President has been so eagerly looking for ward began early yesterday morning at Camp Roosevelt, eighteen miles southeast of here. There are about forty dogs in the pack, belonging to John Abernathy, the famous wolf catcher, and have been dieted and looked after the past month as carefully as a trainer looks after the puging the page of the pa list who is expected to retain the championship belt of the world.

In the chase yesterday the training of these dogs was noticeable. The

party of about a dozen, including President Roosevelt and his doctor, had not traveled far this morning until their dogs were leading them on a fresh scent. Soon the leaders were rewarded by seeing a lank grey wolf de-liberately loping as if unmindful of its pursuers. The dogs all seemed to catch sight of the prey at the same time. The wolf sought to elude its pursuers by dodging, but this only hurried matters, as it enabled the foremost dogs to catch up with their prey, As the wolf turned to beat off its as sailants other dogs sprang upon the bristling animal and bore it to the ground, where it was quickly dis-patched without the aid of the hunters. I'wo other wolves were killed in much the same manner before the sun indicated that it was time for the midday

rheal. The President was invariably at the head of the procession of riders. At one point, seeing some water in a buffalo wallow, he galloped to the spot before the dogs reached it and sipped up the refreshing liquid in good oldfashioned cowboy style. By 1 o'clock the members of the party were again in their saddles ready for another chase. But about ten of the party were permitted to enter in the afternoon's sport, as it was found that the greater number of hunters the smaller the amount of sport

Horses, riders and dogs seemed to grow in endurance as the day waned, and by night the big reservation contained a considerably less number of coyotes than when the chase began.

Trinidad Jury Fastens Crime of Murder on Johnson.

Denver, April 11.—A Trinidad dis-patch last hight says: The coroner's inquiry into the death of John H. Fox Saturday afternoon was held this morning. All witnesses who knew anything about the events leading up to and connected with the tragedy testi-fied and the jury promptly returned a verdict charging Joe Johnson with the crime and finding that the fatal shot was fired with felonious intent.

Sheriff Davis issued a statement last evening to the effect that Johnson did not hold a deputy sheriff's commission. Sherim Davis saki:

Chicago Teamsters' Strike.

Chicago, April 11.-There was nothing in yesterday's developments that would indicate that there is to be a beaceable settlement of the strike in augurated by the teamsters against the mail order house of Montgomery Ward & Co. Wagons and vans of the big store manned by non-union men made several turbulent trips delivering goods to railroad freight houses. Although big and noisy crowds followed the caravans, and the police were forced to break a number of blockades, deliveries to the railroads were declared by the officials of the store to have been a great deal more successful than last week's efforts,

Forty members of the employers' association, at a meeting yesterday, is aucd a request to the teamsters to put a stop to the sympathetic strike. In the resolution adopted by the employers it is declared that under no cir cumstances will they allow the team-sters to interfere with the carrying on of legitimate business, as will be the case should the strike be extended to other concerns in order to bring Mont-gomery Ward & Co. to terms.
